

DUKE OF YORK SQUARE

Developed by Cadogan from the former Territorial Army Barracks which was originally a Royal Military School, it is now the home of the famous Saatchi Gallery. One of London's "must see" destinations for modern art.

The Square has over 30 chic stores, both established brands and unique boutiques, along with six restaurants offering extensive alfresco dining. Its glamorous beauty offer includes the flagships for Richard Ward and Liz Earle.

10 Duke of York Square is home to Cadogan Estates office. The client's architects requested an internal shade sail to protect the reception from incoming solar glare. We installed specialist cleat brackets at requested positions, laser surveyed these for accuracy, and developed the sail from "as built" geometry.

The fabric chosen is a Satine weave PVC Coated Glass Fibre from Mermet. Fire Resistant to B.S 476 Class O.
