WEST QUAY SHOPPING CENTRE

The 40,000 square metre shopping centre is conveniently located in the coastal city of Southampton.

Major names such as Marks & Spencer, John Lewis Partnership and Waitrose occupy a large proportion of the centre.

J & J Carter built a canopy that is 17m x 27m on plan and spans over approx. 1/4 of the street, providing a large covered area as an entrance to the shopping centre.

In addition to the High Street Canopy, a quadruple funnel canopy was also built as the entrance to the car park.

KEY FACTS

LOCATION: United Kingdom

INDUSTRY: Retail

MATERIALS: PTFE Coated Glass Fibre

STRUCTURES: Tension Structure
